# kids Summer Camp

JOALI

### **Calling little explorers, chefs, artists and athletes!**

This summer, JOALI Maldives is set to take kids on a journey of learning and joy. At Muramas Kids Club, young guests will have the chance to discover marine life, practice sustainability, spark their creativity, and try out different forms of fitness.

Each new day brings new possibilities – from sessions with our Marine Biologist to composting workshops in the garden, from tennis clinics to cooking classes, from treasure hunts to arts & crafts. Available July onwards, the JOALI Maldives Summer Camp is tailor-made for kids in the 4-12 age group.

While the little ones are having fun with their new friends, parents can enjoy the resort's many delights, ranging from inspiring art journeys to relaxing wellness rituals.
