

“Turning abandoned things into beautiful things is a special magic.”

GLOBAL RECYCLING DAY

March 18, 2023

Recycling is vital to preserve our beautiful planet and all its residents.

Being an island resort designed around the idea of “sustainable glamour”, this is a cause very close to our hearts. When trash ends up in oceans, it poses a serious threat to marine life and litters pristine coastlines.

We invite guests of all ages to celebrate Global Recycling Day with two special activities.

JOALI

Magic of Transformation: Art Workshop

With imagination and vision, we can turn trash into treasure!

Guided by our Resident Artist, make ceramic plates using crushed glass, then decorate them with unique designs. A beautiful and sustainable memento of your JOALI stay.

Young Recyclers: Activities for Kids

It's never too early to learn the art of recycling. In fact, our young guests are often the most enthusiastic protectors of the planet!

On this special day, explore a range of cool recycling activities. Together with your new friends, learn to make recycled paper and create crafts using recycled materials.
