JOALI BEING

HUMAN DESIGN READING

Designed by Ra Uru Hu, the system of human design invites you to know yourself better, so you can make decisions in alignment with your authentic self. Alexandra will help you discover your unique energetic blueprint, embrace your natural talents, and begin building a better relationship with yourself – and others. This session also incorporates Bach floral remedies.

IRIDOLOGY READING & NATUROPATHIC ADVICE

Iridology is a system of alternative medicine that determines overall wellbeing through the analysis of colours, patterns and signs, as well as your baseline and body reactivity. Alexandra's reading will map your constitution and reveal tendencies towards food intolerances and inflammation. She will then recommend tailored natural remedies and dietary guidelines to help your body heal and rebalance itself over the next few months.
