JOALI

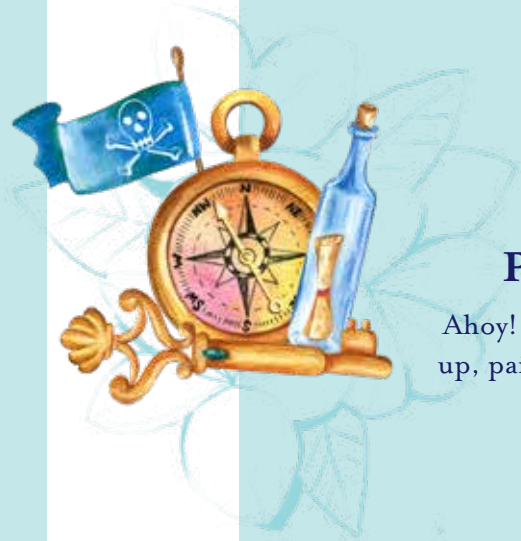

A JOALI welcome to our young guests and their parents!

This summer, JOALI Maldives is set to take young guests on a journey filled with joy, creativity and learning.

At Muramas Kids Club, young ones will have the opportunity to explore nature, spark their imagination, and discover so many different ways to have fun.

This special retreat is guided by an expert team, including marine biologists, chefs and mixologists.

On our Island of Joy, each new day brings new possibilities – from yoga to puppet making, henna tattoos to movie nights, kite festivals to pottery classes.
